**Online Learning Institute  
A Pre-conference of FETC  
Wednesday, March 22, 2006, 8:30 – 4:30,  
Orange County Convention Center,  
Orlando, Florida**

Be a part of this exciting conference that brings together online professional development instructors and designers from across the country to:

- learn new strategies and skills to improve the teaching of online courses;
- exchange ideas and lessons learned with other instructors and designers;
- participate in small group sessions that focus on key teaching and learning issues; and
- explore ways to expand online professional development in your state, school district or school
- learn from recognized experts in online and distance learning

Don't miss this unique opportunity to meet, share information and establish a powerful network of contacts that can help you stay in touch over time and build on what is learned at this special event.
